

In The Drawings:

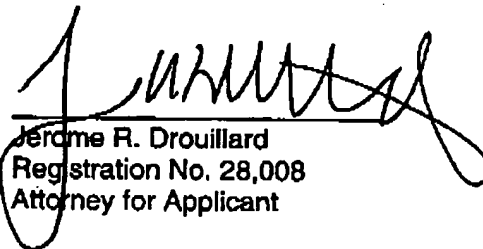

Replacement sheet containing Figures 6 and 7 is attached hereto.

REMARKS

Claims 1-9 are pending in the application. All claims have been allowed. The Examiner states that corrected drawings are needed to show the "mechanical interlock zone in claim 1." As a result, Figure 7 has been marked with identification numerals 80 to show the mechanical interlock zone and the interlock zone has been called out and identified with numeral 80 in paragraph 20. As a result, this case is now in condition for allowance and should be passed to issue. Such action is earnestly solicited.
